Dear Sir,

22nd ABU Robocon Contest – Phnom Penh, Cambodia

Asia Pacific Broadcasting Union (ABU), a non government professional organization in Asia- Pacific region organizes Robocon competition in every year since 2002 among higher academic institutions in the Asia Pacific region with the idea of developing creative technological abilities of the students in the region.

In this competition, robots compete to complete a task within a set period of time. The contest aims to create friendship among young people with similar interests who will lead their countries in the 21st century, as well as help advance engineering and broadcasting technologies in the region.

The 22nd ABU Robocon competition is scheduled to be held from 27th August 2023 in Phnom Penh, Cambodia. The theme of the competition is "**Casting Flowers Over Angkor Wat**".

ITN represent Sri Lanka as the official broadcaster of this event since the inception of the competition.

ABU will provide the following,

01. Robot production subsidy of US\$1000 after the contest
02. Transport cost of the Robots
03. Airfare of 3 team members and 1 instructor for the selected higher education institute in economy class
04. Cost of stay for 4 nights 5 days in Cambodia (by the host organization)

As the Broadcaster, ITN has to select a university/institute to represent Sri Lanka at this competition. Therefore we have planned to hold a preliminary competition among universities by screening the drawings and plans of proposed Robot sent by each institute on the above theme. A university/institute to participate in the event will be selected by a panel of judges specialized in the field.

We wish to invite your university to take part in the competition by forwarding us a hard and a soft copy containing drawings and plan of the Robot on the theme "**Casting Flowers Over Angkor Wat**" on or before 30th March 2023. Also please inform your willingness to participate before 19th March 2023.

The details of the Robocon Contest are available in the ABU Robocon official website **ABU Robocon 2023 Phnom, CAMBODIA**

Please feel free to contact Ms. Sanjivani Ipa (Deputy General Manager – Administration & Human Resources) on Tel: 0112-774594 and e mail **itnadm2020@gmail.com** for further information.

Yours truly,

W P A M Wijesinghe
 General Manager
