Dear Sir/ Madam,

**Video competition for Medical Students for World Brain Day 2023**

I hope this letter finds you well. I am writing on behalf of the Association of Sri Lankan Neurologists (ASN), to inform you about a video competition organized by us, in line with World Brain Day 2023, specifically tailored for medical students.

“World Brain Day” is an annual global event celebrated on the 22<sup>nd</sup> of July, dedicated to raising awareness about various neurological conditions and encouraging the adoption of healthy brain habits. This year’s theme is “Brain Health and Disability” and the specific objectives for this year can be found at the World Federation of Neurology website <https://wfneurology.org/world-brain-day-2023>.

The video competition aims to engage aspiring doctors in raising awareness about neurological disorders and promoting brain health. Each university can submit up to **5 videos** along the theme for this year, each video being of **1-minute** duration. The submissions should be sent **on or before the 10<sup>th</sup> of July 2023** to [office@asn.lk](mailto:office@asn.lk).

The winners will receive a cash prize and will be selected by a qualified panel of judges. The entries will be evaluated based on criteria such as content, creativity, and presentation.

Kindly note that as organizers of the competition, we will retain the copyright to the videos submitted by the participating students. We will be disseminating the videos through our social media platforms while acknowledging the students and the faculty responsible for producing them.

We kindly request your support in promoting this video competition among your students.

Thank you for your attention to this matter. We eagerly anticipate your support and cooperation in promoting and organizing the video competition with your university. If you have any questions or require further information, please do not hesitate to contact us.

Thanking you,

Yours truly,

Dr Pyara Ratnayake
